RE: Citizens for Education PAC  
 Federal Taxpayer ID: 74-3250332  
 Adm Cause Number: 2009-5769-157  
 Hearing Date: March 16, 2009 9 am

To Whom It May Concern:

Per our faxed letter of October 23, 2008, the intention was to disband, but we were unable to obtain the CFE records from our previous Treasurer, Jeff Cardella, until January 24, 2009, despite repeated requests.

The final report for CFE by the previous Treasurer was dated May 16, 2008 and was filed (and stamped by Elizabeth L. White's office) on that date.

We did not have the records, but submitted the paperwork for a change of Treasurer, naming Marilyn Jo Spangler as the new Treasurer, assuming that the previous Treasurer had actually submitted the Second Quarter CFA-4, but not knowing for sure whether or not he had disbanded us.

Once we finally obtained the records in January 2009, the original copy of the Summary CFA-4 (dated 5/16/08) showed that the disbanded box had been marked. However, the 5-19-08 CFA-4 document showed that the disbanded box had been whited out and "Outgoing Treasurer" had been marked.

Per our October 23, 2008 letter, in response to your September 19, 2008 letter, we again state that our intention was/is to disband CFE.

Attached is our AMENDED 5/16/08 (now dated 5/31/08) Summary CFA-4 with all the supporting forms, showing the disbandment of CFE as of that date. This was done this way to acknowledge the change of Treasurer, although the CFE really should have been disbanded on 5/16/08.

With this filing, it is our understanding that no additional forms are needed. If this is not correct, please tell us what else is necessary. We hope this will erase any penalties that may have been assessed.

We do apologize for the delay in filing this form. As indicated previously, the CFI had essentially disbanded on May 16, 2008, with no further meetings, no bank activity and no political activity. Also, both the undersigned have been caring for family members with serious health issues which has diverted our attention.

Please let us know if the hearing scheduled for March 16, 2009 is still necessary. We hope this filing rectifies the situation and that no penalties will be assessed.

Sincerely,

*M. Penny Bigelow*
